

**TWO TIME AWARD WINNING GRAPHIC NOVEL!**

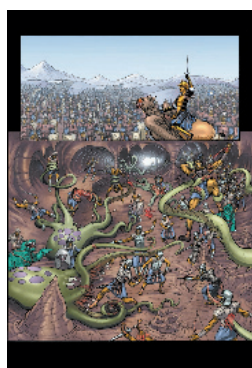

# Tales of Tralodren™: The Beginning

CHAD CORRIE

**WARRING GODS, PRIMORDIAL ENTITIES, DRAGONS, GIANTS AND MORE--WELCOME TO THE BEGINNING OF THE TRALODROEN COSMOS!**

This is the first graphic novel set in **The World of Tralodren®**, a fantasy setting made popular by Chad Corrie's *The Divine Gambit Trilogy*, and tells the tale of the happenings in the story universe before recorded time – namely the myths, legends and creation story of the entire story universe. Told with stunning trans-atlantic art provided by Lee Oaks and a compelling narrative written by Corrie, the author and creator of **The World of Tralodren®**, this is a must have for anybody who enjoys a good story and fantasy setting.

Readers will be hooked from the first page as they are pulled into a rich storyline and universe that entertains as well as educates about the ancient past and the foundations of the Tralodroen™ cosmos. While this graphic novel ties nicely into and even expands *The Divine Gambit Trilogy* it can also be read and enjoyed by those new to **The World of Tralodren®**.

“Depicted is a world of magic and mayhem, creation and conflict, tragedy and triumph...a truly engaging saga... very highly recommended and entertaining reading -- and will lead graphic novel enthusiasts and science fiction fans looking forward to more graphic novel adaptations and original stories set in Chad Corrie's Tralodren universe.”

-Midwest Book Review

“It is like nothing experienced before and fans will be amazed when they read the scope and scale of this graphic novel. Chad Corrie has created and set-up an entire universe of characters, locations, and creatures as well thought out and as carefully crafted as any Star Wars novel and as colorful as any Tolkien fantasy. I hope this is only the first of many graphic novels based on the foundation established in Tales of Tralodren™: The Beginning.”

-Brian Miller, Hi-Fi Design

**Chad Corrie** is the author of four novels (*Seer's Quest*, *Path of Power*, *Gambit's End*, *The Adventures of Corwyn*) and one graphic novel (*Tales of Tralodren™: The Beginning*) – all of which take place in **The World of Tralodren®**. Chad makes his home in Minnesota.
