

# Path of Power

CHAD CORRIE

**THEY THOUGHT IT WAS OVER... THEY WERE WRONG.**

Following the events from *Seer's Quest*, the ever growing saga of Dugan, Rowan, Clara, Cadrissa, Gilban, Vinder and Hoodwink continues as they look for answers while dealing with their own inner struggles and weaknesses. Struggles and weaknesses which could very well destroy them in the process.

As the former mercenaries have scattered, the force which first drew them together has started to pull them back. None know why, even fewer noticed this pull, but each is being brought back to the other for something grander than their own imaginations and fears can envision.

With Cadrissa held captive by the Master, she is privy to a large piece of the puzzle as the full extent of this dark mage's plan is laid bare before her trembling eyes. She too, though, is just another piece in a game in which she and even her captor are being used as pawns.

What is this game, though, and who is playing it?

Mysteries within mysteries; wheels within wheels; the gambit continues to grow. No one can resist it—merely hope to survive it—as the true revelation of what they are and have been about comes to light amid this growing turmoil.

Hatred flares, love blooms, fear corrupts, potential is unleashed, and honor is frustrated in this exciting continuation of The Divine Gambit Trilogy.

Welcome to **The World of Tralodren®**, a place rich in history, faith, and tales of adventure of which this story is but one of many.
